

To,
All the Members of DCCIA Pune.

SUB: Request for donation for installation of traffic signals at Shikrapur Phata & Pabal Phata.

Dear Members,

Greetings from DCCIA!!

I am writing to seek your support and assistance in securing funds for the installation of new traffic signals at critical intersections at Shikrapur Phata & Pabal Phata. This initiative is part of our ongoing effort to enhance road safety and reduce traffic congestion, thereby improving the overall quality of travel on Nagar Road for our members.

Members must have experienced significant increase in vehicular traffic on the Nagar Road and frequent traffic Jams. Your Chamber has been continuously taking up this matter with Pune Traffic Police as well as Pune Rural Police.

We have been informed by PI Shikrapur Police Station that the installation of new traffic signals at Shikrapur Phata & Pabal Phata intersections will go a long way in reducing the traffic congestion on this stretch of Nagar Road.

They have further requested the members of Chamber to fund the installation of above traffic signal under CSR for expeditious resolution of the issue. The estimated cost for the installation of traffic signals at these intersections is as under :-

- a) **Shikrapur Phata - Rs. 430995/**
- b) **Pabal Phata = Rs. 530410/**

The above cost includes the cost of equipment, installation, and necessary roadwork. We are seeking external funding to make this project a reality.

The copy of letter received from SI Shikrapur Police Station is attached herewith.

We are confident that the investment in installing above traffic signals will reduce traffic congestion and jam on this stretch of road.

We therefore request you to kindly donate for the above project under your CSR programme.

DCCIA will be more than happy to provide any additional information or answer any questions you may have regarding this project.

Look forward to your positive response.

Sincerely,
