

6th edition of India EV International Show

Future Market Events (FME) organised “**6th edition of India EV International Show**” **from 06th to 08th December 2024** at Auto Cluster Exhibition Centre in Pune. Deccan Chamber of Commerce, Industries & Agriculture (“DCCIA) was support partner for this event.

The India EV International Show (“IIEV Show”), is India’s largest platform for the EV industry, featuring about 100 exhibitors and 450+ leading brands from across five countries. This three-day event highlighted advancements in EV manufacturing, batteries, energy storage systems, renewable energy, and charging infrastructure, providing attendees with insights into the latest innovations shaping the industry.

Mr. H.P. Srivastava, Vice Chairman, DCCIA was the “**Guest of Honour**” at the inaugural session of EXPO which attracted host of distinguished dignitaries, industry leaders, and key stakeholders.

With over 20,000 attendees including 5,000 dealers and distributors the event offered an unique opportunity to explore emerging technologies, network with industry stakeholders and to drive business collaborations.
