Sub:- Movement of finished goods / raw material during the lockdown period.

Dear members,

Your chamber had taken it up with Jt Director of Industries Pune to permit movement of raw material and finished goods (including loading/unloading) during the period of lockdown since large inventory of finished goods was blocked at factory/ warehouses.

The chamber also highlighted that with effect from 15th April, the movement of trucks for essential/ non-essential goods, both interstate and intrastate, have been permitted by Govt of Maharashtra. Besides, the logistic services are already included in essential services.

The efforts of Chamber have resulted in positive outcome.

Accordingly the principal secretary industries, Govt of Maharashtra, has allowed movement of raw materials and finished goods for all types of industries (both essential and non-essential).

The intimation received from Mr. Survase, Jt director Industries Pune, is reproduced below.

Members may take benefit of this relaxation and move their raw material and finished goods.

Chamber has also requested that the permission be granted to applicant industries in one day.

The chamber also expresses its thanks and gratitude for Mr. Survase who has been instrumental in bringing these relaxations to industries.

Thanks & Regards,

For Deccan Chamber Of Commerce Industries & Agriculture Pune.
