

CIRCULAR No. #234/GEN

Date: 05/03/2021

To,
All Member Industries of DCCIA Pune.

SUBJECT:-ROAD WIDENING WORK ON PUNE – NAGAR ROAD: PRECAUTIONS TO BE OBSERVED WHILE DRIVING TO PRVENT ACCIDENTS AND TRAFFIC JAMS.

Dear Members,

As you must have observed that road widening work is currently in progress on Pune – Nagar Road which is more often than not is causing frequent traffic jams . Besides, this stretch of road has become prone to accidents. The problem is aggravated due to bad road conditions, narrow service roads, potholes, lack of barricades & reflectors etc.

Most of the vehicles plying on this road belong to either Industries or employees or contractors besides goods transport carrying raw materials and finished goods of these Industries.

It is felt that if an initiative is taken by the Industries to educate/ train everyone, in their organisation, who drives a vehicle, many problems can be obviated and many accidents and traffic jams on this road can be prevented. We have prepared the broad guidelines, with the help of experts, which may be either highlighted to such personnel or included in the training material in this regard. The guidelines are attached herewith.

There cannot be a better occasion to launch the above training programme during the ongoing “Safety Week”.

We request you to kindly educate/ train every person in your organisation to observe the safety precautions while driving their two wheeler & four wheeler. Similarly, drivers of the company buses, Contractors, and also the transporters be also educated/trained on similar lines.

Look forward to your positive response.

Thanking you and kind regards.

For Deccan Chamber of Commerce Industries & Agriculture, Pune.
