Subject:- Plying of Company Buses for Employees on Pune - Nagar Road

Dear Members,

As you are aware that many Companies are running regular buses on Pune - Nagar road for conveying their employees. These buses stop at various points on Nagar Road during each shift where their employees get in/ out of the buses.

During the last virtual meeting, held on 31st August 21, between DCCIA & Pune Traffic Police for discussing various traffic related issues including measures to prevent traffic jams on Nagar Road, an appeal has been made by Traffic Police to Industries to stop their Employee buses 100 meters before traffic signal/ junction in order to prevent crowding at the signal/ junction which not only contributes to traffic jam but also becomes a safety issue.

In view of the above we request all the member industries to issue necessary instructions to the drivers of their employee buses, in line with above appeal of Traffic Police.

I sincerely look forward to your positive action which is going to benefit all of us.

Thanks & regards.
